November 2010

Forres Ward By Election - Thursday 11 November 2010

Moray is at a crossroads.

The combination of local spending cuts currently being consulted on by the Moray Council and the impact of the closure of the RAF base at Kinloss along with the uncertainty over RAF Lossiemouth's future means that the next few months is vital to ensuring the future of Moray.

Nowhere will be more affected by these cuts than Forres and surrounding area.

It is vital to vote for a candidate who will stand up to fight for vital local services and work to protect the local economy against the worst of these cuts.

The Moray Council's Conservative/ Independent Administration Group have proven through their actions that they are not willing to listen to the thoughts and concerns of local people.

Whether it be regarding finding suitable sites for the Travelling Community, or with regards to disposing of Common Good land, they attempt to force through decisions in private without consulting the communities most affected.

The SNP Scottish Government has failed to guarantee the cash to fund flood alleviation schemes at Pilmuir and for the River Findhorn which is a disgrace and leave many in Forres vulnerable to future flooding.

They cannot be trusted to look after the future of the Forres area.

As someone who grew up locally I pledge, if I am elected, to listen to the people of Forres and along with the Moray Council Labour Group will act in your best interests at all times.

Many thanks for taking the time to read this and I would greatly appreciate your support on November 11.

Yours sincerely

Mark Cascarino
